in [linkedin.com/in/abder-h-244940193](https://www.linkedin.com/in/abder-h-244940193)

{} github.com/AbduldevLab

Software engineer with 2+ years at Northern Trust building microservices for global banking. MSc predicted (1:1, +75% thesis) in Artificial Intelligence with a thesis on longitudinal ML for chronic disease prediction onset in older adults and a BSc from Maynooth University in CS and SE. Passionate about tech that improves our everyday life.

EXPERIENCE

Rotational Development Associate

July 2024 – Present

Northern Trust · Limerick, Ireland

- Asset Servicing: backend microservices for multi-currency/time-zone fund & investor management

[Java](#) · [Spring Boot](#) · [Snowflake](#) · [Kubernetes](#)

- Responsive UI deployment via Azure SWA/AKS

[ReactJS](#) · [TypeScript](#) · [GitHub Actions](#) · [CI/CD](#)

- Asset Management: GenAI R&D

[Python](#) · [ReactJS](#) · [Databricks](#) · [Azure](#)

Contingent Employee — Meta Data Center

Jan 2024 – June 2024

Securitas · Dublin, Ireland

- Maintained documentation; identified security gaps across the facility and proposed enhancements
- Responded to critical events & alarms at direction of Control Room

Technical Support Specialist

July 2020 – Sept 2022

Accenture · Dublin, Ireland

- Troubleshoot and resolved technical issues for YouTube clients
- Escalated issues meeting SLA targets; proficient on client platform

Front-End Developer (Intern)

May 2022 – June 2022

Brainnest · Remote, Germany

- Created real, business-oriented client websites

Support Engineer (Intern)

Feb 2022 – Apr 2022

Valeo · Galway, Ireland

- Supported Process & Methods Engineers; production support (TRP & TLR targets)

PROJECTS

Machine Learning Chronic Disease Prediction — TILDA

2026

github.com/AbduldevLab/ml_pred_chronic_disease

- Preprocessed ~41M data points across 6 TILDA datasets; handled missing data, time-varying covariates and class imbalance
- Trained Logistic Regression, Multilayer Perceptron, Random Forest & XGBoost; pooled multi-wave XGBoost achieved 0.718 AUC — 22% gain over single-wave baseline (0.589), variance reduced 10×
- Reduced to top-20 features via SelectKBest; SHAP beeswarm plots identified medication use, pain & self-rated health as primary chronic disease predictors

[Python](#) · [XGBoost](#) · [scikit-learn](#) · [Pandas](#) · [TILDA dataset](#)

Weather Forecast Web App

2024

github.com/AbduldevLab/NT-Weather-WebApp

- Built a live weather forecasting app with location-based lookup, 5-day forecasts, and real-time temperature, humidity & wind data via OpenWeatherMap API

[React](#) · [Vite](#) · [TypeScript](#) · [OpenWeatherMap API](#)

Kake Dessert Delivery — Final Year Project

2023

github.com/AbduldevLab/KakeDessertDelivery-FYP

- Designed and built full-stack app end-to-end for a real startup client, from requirements through to deployment
 - Implemented real-time Firestore DB with private routing, role-based auth, and a full ordering + payment flow
- [React](#) · [TypeScript](#) · [Firebase](#) · [Firestore](#) · [GitHub](#)

TECHNICAL SKILLS

- ❑ **Front-end:** [React](#) · [TypeScript](#) · [JS](#) · [HTML](#) · [CSS](#)
- ❑ **Back-end:** [Java](#) · [Spring Boot](#) · [Node.js](#)
- ❑ **AI & Data:** [Python](#) · [XGBoost](#) · [scikit-learn](#) · [Pandas](#)
- ❑ **Cloud & Tools:** [Azure](#) · [Snowflake](#) · [Firebase](#) · [GitHub Actions](#)
- ❑ **Other:** [C#](#) · [PostgreSQL](#) · [Git](#) · [Databricks](#) · [CI/CD](#)

EDUCATION

MSc — Artificial Intelligence

University of Limerick · 2024 – 2026

Grade: 1:1 · Thesis: 75+% (on track)

Wolves Clubs & Societies: ISOC

BSc (Hons) — CS & Software Eng.

Maynooth University · 2019 – 2023

Grade: 2:1 · FYP: 82%

MU Life: ISOC · CS Society · African Society

CERTIFICATIONS

🏆 **Credly** — [view all badges](#)

First Aid (FAR)

WIN · 2024

PSA License

ICSE · 2023

Front-End Dev

Brainnest · 2022

Sports Coach

Fingal County Council · 2017

Peer Educator

Jigsaw · 2017

VOLUNTEERING

Coordinator — BITCI · 2025

Educator / Coach — Jigsaw & Fingal CC · 2017

Sports Coach — Fingal County Council · 2017

INTERESTS

Football · Fitness · Nutrition · National Geographic · Chess · Impactful Technology
